

RYAN RODRIGUEZ

FRONTEND DEVELOPER

361.726.8013 | ROBSTOWN, TX | OFFICIALRYANROD@GMAIL.COM PORTFOLIO: [HTTPS://RYANS-PORTFOLIO-THETA.VERCEL.APP](https://ryans-portfolio-theta.vercel.app) | GitHub: [HTTPS://GITHUB.COM/RYANROD21](https://github.com/RyanRod21)

Objective To obtain a challenging frontend developer position in a dynamic and innovative organization where I can utilize my technical and creative skills to develop and maintain responsive, user-friendly, and visually appealing applications.

Professional Summary Frontend Developer with 3+ years of experience building scalable, responsive, and production-ready web applications using React, Next.js, and TypeScript. Skilled in developing AI-powered and CMS-driven platforms with real-world integrations, authentication systems, and optimized user experiences. Strong background in performance optimization, accessibility standards, SEO, and full-stack collaboration. Proven ability to troubleshoot complex frontend and backend issues while delivering clean, maintainable code.

Skills & abilities **TECHNICAL SKILLS**
Languages:
JavaScript (ES6+), TypeScript, HTML5, CSS3, Python
Frameworks & Libraries:
React, Next.js, Node.js, Express.js, Tailwind CSS, HubSpot CMS, HubL
Tools & Platforms:
Git, GitHub, Vercel, REST APIs, Firebase, Supabase, Neon, MongoDB, PostgreSQL
Testing & Optimization:
Chrome DevTools, Lighthouse, Core Web Vitals, WCAG 2.1 Accessibility, Debugging & Performance Optimization
Additional Skills:
Authentication (JWT), API Integration, Responsive Design, SEO Best Practices, AI Integrations (OpenAI API)

Professional Experience **RSQUARED DEVELOPMENT**
Front-end web developer | January 2023 – Present

- Developed and deployed custom HubSpot CMS websites from Figma designs using reusable templates and modular components
- Built dynamic frontend features and integrated third-party REST APIs to deliver real-time data functionality across multiple client projects
- Diagnosed and resolved cross-browser compatibility and frontend performance issues using Chrome DevTools, console logging, and network inspection
- Improved SEO, accessibility compliance (WCAG), and Core Web Vitals to enhance website performance and user experience
- Collaborated with clients to translate business requirements into scalable, maintainable web solutions

ROBSTOWN ISD — PARAPROFESSIONAL
2019 – Present

- Supported students and staff in structured educational environments, strengthening communication, teamwork, and problem-solving abilities
- Managed multiple responsibilities in fast-paced settings while maintaining professionalism and adaptability

Education

UNIVERSITY OF PHOENIX | 2022 – 2023 | GPA: 3.67 | PROFESSIONAL CERTIFICATE IN ADVANCED SOFTWARE DEVELOPMENT

UNIVERSITY OF PHOENIX | 2021 – 2022 | GPA: 3.52 | ASSOCIATE OF ARTS IN INFORMATION TECHNOLOGY

Projects

CORPUSNEARME

Used TypeScript, React, Next.js, Node.js, Express.js and developed <https://corpusnearme.com>

- Engineered a production-grade local marketplace platform connecting Corpus Christi residents with nearby businesses
- Built dynamic quote request workflows and scalable frontend architecture using Next.js
- Debugged full-stack issues involving frontend state management, API responses, and database queries using browser DevTools and server logs
- Optimized application responsiveness, routing performance, and user experience across devices

BUDGET AI DASHBOARD

React, Node.js, MongoDB, OpenAI API

Budget AI GitHub Repository

- Developed an AI-powered budgeting dashboard that generated personalized financial insights based on user data
- Implemented secure JWT authentication and RESTful API architecture
- Built scalable backend services supporting real-time user interactions and data processing
- Integrated AI-powered features to enhance user decision-making and engagement

Communication

Excellent communication skills enable me to collaborate with clients, stakeholders, and cross-functional teams to deliver high-quality results.
